Antonio Citterio

Description

Designed for those who love comfort and timeless modernity, the Michel seating system mirrors the design philosophy of its author, who shows a preference for simple shapes – pure and elegant in their linear form, without any additional decoration to underscore the concept of function. Its several elements create both formal and relaxed, in-line and modular configurations in an extensive range of sizes. A distinctive features is the aluminium frame, available in various finishes.

The height of the feet from ground is 19 cm (7 1/2").

Technical information

Back and armrest internal frame

tubular steel and steel profiles

Back and armrest internal frame upholstery

flexible cold shaped polyurethane foam, polyester fibre, polyester fibre cover

Seat internal frame

tubular steel and steel profiles, multi-layered wood panel, shaped polyurethane

Seat cushion upholstery

shaped polyurethane of different density, sterilized down, polyester fibre cover

Back cushion (M60C-M50)

down feather and polyurethane section, box style typology

Back cushion with roller (M60CP-M50P)

down feather, polyurethane section and polyester fibre, box style and roller typology

Support (FA-FB)

visco-elastic polyurethane, polyester fibre cover

Support frame

die-cast aluminium and extrusions

Ferrules

thermoplastic material

Cover

fabric or leather
