

C ramique Down

Designed by Ronan Bouroullec, 2023

LED retrofit - 8W

Table lamp emitting direct or indirect light. Features handcrafted ceramic body with lead-free, lacquered, crystalline finish and white polycarbonate diffuser. Available in Down, Side and Up configurations to suit different lighting needs.

Designed by Ronan Bouroullec in 2023, C ramique explores the expressive potential of form and material, echoing the designer's fascination with ceramics and marking Flos's first venture into the medium. The trio of sculptural table lamps uses a simple shift in the cap's position to transform the light it casts. A study in contemporary craftsmanship, C ramique is handcrafted from a single piece and inspired by a desire for objects that are functional, sustainable and charming.
