

IC Lights T1 Low

Designed by Michael Anastassiades, 2014

Halogen - 60W

Table lamp emitting diffused light. Features an angled frame in brass, chrome-plated or black steel, paired with a blown opal glass diffuser. Dimmer switch located on the power cable. Available in three models.

Designed in 2014 as part of the iconic IC Lights series by Michael Anastassiades, a collection that explores balance, movement and identity through minimal, poetic forms. Inspired by the dexterity of a contact juggler and the visual tension of a sphere poised in perfect equilibrium. A contemporary classic, IC Lights T reflects Anastassiades’ interest in industrial design.
